THE PRACTICAL NURSERYMAN.

A TRADE JOURNAL.

Vol. 6.

HUNTSVILLE, ALA., JANUARY, 1898.

No. 1

To Nurserymen, Florists and Seedsmen.

CURRENTS TO BURN!

Is what we thought we were going to have next Spring, but we showed a few people what a fine lot of plants we had, reduced prices upon them, and they have been going off very lively. We still have a moderate surplus though, and will quote low prices till closed out. Finer plants never grew.

Standard Pears Ditto.

Everything we have said about Currents applies to Standard Pears also. We have a handsome lot of fine, smooth trees. If wanting Pears, do not fail to write us. We can suit you on both price and grading.

Free Plates of Our Specialties,

Yellow Rambler Rose, Lord Penzance's Sweet Briars, and Cumberland Raspberry, will be supplied to all reliable nurserymen who will place them in the hands of their agents and push the sale of these valuable novelties. They are "order-getters," all three of them.

Also write us if wanting

Peaches, Plums,
Cherries, Apples,
Grapevines, Gooseberries,
Raspberries, Blackberries,
Clematis, Shrubs,
Ornamental Trees, Roses.

Jackson & Perkins Co.,

Newark, Wayne Co., New York.

APPLE SEEDLINGS.

My seedlings are grown on our new UPLAND PRAIRIE, and I am expecting some very fine plants, which I shall be pleased to quote in large or small lots.

Have been growing seedlings for the past eighteen years, and you can depend on good grades and packing.

All seedlings guaranteed to arrive in good condition. Address

—DEALER IN—

Sphagnum Moss.

I am absolutely the only dealer in this vicinity who owns the swamp from which the moss is taken, and I personally superintend getting out the moss for my customers. I can therefore guarantee my moss to be of the very best quality and the bales to be of the largest size. Moss can be supplied in any quantity desired either in bulk or in bales. Be sure to get my prices before placing your orders elsewhere.

of every kind, size and quality, at Factory Prices.

 "First of all Grapes," says *Rural New-Yorker*. Scaled 96 points in possible 100. "Will ship round the world." Early or Late. Insist on our Seals and get what you buy. Largest stock of other Grape Vines, Small Fruits. Elegant Catalogue FREE

GEORGE S. JOSSELYN, FREDONIA, NEW YORK.

THE TRIUMPH PEACH.

Quotation from a letter from Henry Lutts, Youngstown, N. Y., to J. D. Husted, the originator of the Triumph Peach:

"I have fruited the Triumph on the June Buds received from you in the Spring of 1896. My trees had on 8 to 12 fine peaches each. In an orchard of 2,000 trees of about ten varieties of the leading kinds grown here the Triumph was the only variety that bore and matured its fruit. This speaks well for hardiness and early bearing quality. A variety that will fruit on June Buds 18 months after planting, and that when the mercury drops to 15 degrees, is a remarkable variety to have."

SHENANDOAH NURSERY.

—HEADQUARTERS FOR—

APPLE SEEDLINGS.

LARGEST STOCK IN THE WEST.

Pear, Plum and Cherry Stocks.

Osage Orange, Russian Mulberry and Forest SEEDLINGS Nursery Grown

Apple, Pear, Plum, Peach and Cherry Trees by the car load. Acres of Shade and Ornamental Trees of all sizes. Small Fruits, Ornamental Shrubs and Evergreens in quantity to suit the purchaser.

SCIONS, large surplus. GRAFTS of any style made to order.

Our stock has made a fine growth and is free from all injurious insects, and includes all the leading varieties and will be graded up to the highest standard grades. ~~W~~RITE FOR PRICES.

D. S. LAKE, Prop., Shenandoah, Iowa.

-:ANY OLD THING:-

APPLE SEEDLINGS have become so scarce with nearly all the growers that they consider "any old thing" will answer for the different grades, because of the general shortage. While our supply is not large, yet our grades are **A-1**. All we ask is an opportunity to demonstrate this fact with sample in any of the following:

Branched, extra heavy, $\frac{1}{4}$ and up. No. 1, STRAIGHT roots, long and **strong**.

" strong No. 1, 3-16 and up. No. 2, " " heavy, average 2 grafts.

" No. 2, (only a few). No. 3, Transplanting grade.

Japan Pear Seedlings.

No. 1, 3-16 and all up strong grade. No. 2, 2-16 to 3-16, good grade.

Apple Grafts, Etc.

From our high grade of apple seedlings we are prepared to make a corresponding grade of either PIECE ROOT OR WHOLE ROOT graft, any style and made to order. Varieties guaranteed to be true, and grafts that will grow.

Apple Trees.

We believe our supply to be one of the largest in the West, and have a good, strong proportion of Ben Davis and many of the other commercial sorts. All are 2 years, very good growth, about 70 per cent. running to the $\frac{3}{4}$ and up grade, 5 to 7 feet, except one block of straight 3-year Ben Davis.

No. 1

THE PRACTICAL NURSERYMAN.

PUBLICATION OFFICE:

HUNTSVILLE, ALABAMA.
W. G. DICKSON, PRINTER.

W. F. HEIKES, Editor and Manager.

Issued Monthly. Sent only to those in the trade. We do not solicit subscriptions. If you value THE PRACTICAL NURSERYMAN, please accept it with our compliments. Our circulation covers a list of 2,300 selected names of customers and correspondents, made up through many years of active wholesale business. Every name represents a buyer of nursery stock, and this list contains only the names of those who buy at wholesale.

Advertisements 10c. a line agate; \$20.00 a page; one-half page \$10.00; one-fourth page \$5.00. Advertisements must be received one week before the day of publication. Advertisements for less than \$5.00 will not be accepted. Discounts: 3 times 5 per cent.; 8 times 10 per cent.; 12 times 25 per cent.

The circulation of this Journal will be confined strictly to Nurserymen, Florists and Seedsmen, and only invited advertisements of articles pertaining specially to these trades will be inserted.

The Cincincis Pear.

Having tested the Cincincis pear for the past six years along with the LeConte, Kieffer and Garber, to which class it belongs, I submit the following report:

In growth and general appearance the Cincincis more closely resembles the LeConte than any of the other varieties mentioned above, but is more robust and vigorous and the foliage is of a darker green than the LeConte. The fruit is much the shape of the LeConte, but larger in size. Its time of ripening is about that of the Kieffer or a little later. It has better keeping and shipping qualities than any of the other orientals. In quality of fruit I place it at the head of the list. It has a decided acid flavor, cooks quicker and makes a fine sauce. If picked when matured and stored away in a dark, cool place it ripens in from four to six weeks into a rich golden yellow, becomes quite mellow and tastes so much like an apple that if eaten in the dark no one would take it for a pear.

I understand the Cincincis was brought to this State from Illinois by its originator. I do not think it ever fruited in Illinois. I find it grows more readily from cuttings than LeConte.

I think the originator of Cincincis lives near Fruitland Park, Fla., but I do not know his name. I understand it is planted quite extensively in that section.

The Cincincis succeeds much farther south than any other, comes into bearing at about five years old and is enormously productive.

I have had only two years experience with the blight, and during that time I have lost fully 50 per cent of my LeConte and Kieffer trees with this dread disease, while the Cincincis, scattered among them, its limbs almost touching the dying trees, has not shown so much as a single blighted leaf.

I believe any one wishing to plant pear trees, either for home use or for market, can plant the Cincincis with perfect confidence that it is the best pear for the South.

T. K. GODBEY.

Waldo, Fla.

Chestnuts as Food.

Many chestnuts are superior to potatoes for food. There is as much azote matter in a kilogram of chestnuts, when the kernel contains 50 per cent. of water, as in half a kilogram of bread. When dry it has at least four times as much sweet and feculose matter as the best kind of a potato.

In many of the provinces of France chestnuts annually contribute a large part of the public food.

A doctor from Pietra Santa says that the chesnut groves during a large part of the year yield the principal nourishment to the poor of Cevennes, Limousin, and the Corse. Cakes are made from chestnut flour which will last a long time.

By mixing the flour in a little salted water a bouillon is made which is very agreeable, especially if a little fresh milk is added to it. It was the polenta, a favorite food of the agricultural population of the ancient duchies of Lucques and Modene. These people never ate meat nor drank wine, and they worked from ten to twelve hours a day; they often lived in close huts, and yet enjoyed perfect health and great muscular strength.

The principal value of the chestnut is its easy digestibility over all other flours, especially when boiled or baked.—Translated by Sarah D. Lanning from La Semaine Horticole.

THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

The Huntsville Wholesale Nurseries.**JESSIE S. MOSS, PROPRIETOR. W. F. HEIKES, MANAGER.**

ADDRESS ALL CORRESPONDENCE TO

**W. F. HEIKES, MANAGER,
HUNTSVILLE, ALABAMA.****Fall of 1897 and Spring of 1898.****ENTOMOLOGIST'S CERTIFICATE.**

This is to certify that on May 21st, 1897, I personally examined all stock of the Huntsville Wholesale Nurseries, and found it entirely free from San Jose Scale and otherwise in excellent condition.

Carl E. Baker

Entomologist, State Exper. Sta., Auburn, Ala.

We dig each order separately and not until time to ship. The trees are taken to the packing-house as fast as dug, and boxed immediately. We do not "heel in" anything. Everything is sent out fresh. That is worth a big per centage to the customer who is expecting his trees on time and in good condition to handle again in filling orders.

We offer the following deserving specialties: Pears—Koonce, Lincoln, Lincoln Coreless, Canners and Japan Golden Russett. Plums—Milton, Chas. Downing, Red June, Willard, Wickson. Peaches—Triumph and Greensboro.

We wish our customers to keep in mind, when considering prices offered by others, that we hold to our high standard in grading and quality of our stock and that we ship promptly and handle trees in a better manner than any one else in the trade.

THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

In this issue of our price list we show the numbers, sizes and prices of all varieties remaining unsold to date. Correspondents should, however, give us the privilege of substituting varieties, sizes and prices, as far as it can be allowed, if in a hurry for shipment, as we do not substitute, as a rule, without permission.

We are now booking orders for Spring delivery for Northern customers. Business for Spring is more active than for several years past.

GRADE-COUNT QUOTATIONS.

The publication of this list abrogates previous quotations.

Except where prices are agreed upon, these quotations are subject to change without notice.

See Terms and Conditions governing these quotations on another page.

Should the grade ordered be sold, state whether the next higher or lower grade may be substituted

These were very strong, handsome one-year trees, mostly 4 to 5 feet high, and many of them $\frac{3}{4}$ inch calibre. They were grown from root-grafts, transplanted at one year old, cut back to the ground and one shoot allowed to grow. They have the appearance of two-year buds, and are very fine roots and tops.

Vladimir.

The Early Lamacie belongs to the H. & B. class, very hardy and prolific. Ripens with or before Early Purple Guigne; color, black. Holds its foliage better than any other in the South.

THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

Use the Nurserymen's Telegraph Code. Anyone not in possession of a copy will be supplied upon application.

APPLE SEEDLINGS, No. 1, 3-16 and up, \$3.50 per 1000; No. 2, 2-16 to 3-18, \$1.75 per 1000 in 5000 lots at Huntsville. Less quantities, 50 cents per 1000 additional.

PEACH TREES--*On Peach, Leading Varieties.*

Our Peach Trees are budded on seedlings grown from Tennessee and Alabama Pits. They are free from Aphids or Root-knots, and have fewer borers than those from most nurseries.

We can supply beautiful medium and small-sized peach trees. The lands upon which our peach trees are grown this year produces a light, well-matured tree, with fine roots. These trees will answer well the purpose of "June Buds," and are very much better to transplant, as they will be well matured to the terminal bud, while June Buds are often tender at the tips. The little trees we offer should not be confounded with the little culms left after the larger trees have been dug and offered so cheaply by other nurseries. Our peach trees have been grown with especial reference to the Southern trade, where small sizes are mostly wanted. The Yellows and Rosette are unknown in this locality, and we have been careful not to bring in any buds from affected localities.

~~NOTE~~ Terms and conditions governing above quotations are the same as those given by the Huntsville Wholesale Nurseries.

Grown from cuttings. Price of boxes or bales to be added. Delivered at depot at Biloxi. On orders sent in by Northern customers for Spring delivery, we will pay freight to St. Louis, and hold in cold storage there until wanted. The No. 1 plants will have three or more branches and will be cut back to 24 to 30 inches. The roots are very fine.

We make a grade of Roses called No. 1½. This grade will be made up of plants just under No. 1, such as do not have the required number of branches or slightly under weight and height, and makes a very nice grade for mailing.

NO. 2 PLANTS OF ABOVE VARIETIES FOR TRANSPLANTING AT ONE-HALF THE PRICE OF NO. 1. The tops of No. 2 plants will be cut back to 2 or 3 inches, as they are only intended for transplanting.

STANDARD PEARS--One Year Cuttings--Garber. per 1000.5 to 6 feet, \$50; 4 to 5 feet, \$40; 3 to 4 feet, \$35. LeConte, 2 to 3 feet, \$25.

PLUMS--Two Years, on Plum--Satsuma, $\frac{3}{4}$ to 1 inch, \$65 per 1000; 11-16 to $\frac{1}{2}$, \$30; $\frac{1}{2}$ to 11-16, \$50.

PLUMS--One Year, on Plum--Satsuma, Robinson, Pottawattamie, per 1000, 5 to 6 feet, \$65; 4 to 5 feet, \$50; 3 to 4 feet, \$30.

MULBERRIES--Very Fine--New American and Downing, two years, per 1000, $\frac{3}{4}$ to 1 inch, \$100; $\frac{1}{2}$ to $\frac{1}{2}$, \$80; 9-16 to 5-8, \$75.

FIGS--Assorted, one year, 4 to 5 feet, \$8.50 per 100; 3 to 4 feet, \$8.00 per 100; 2 to 3 feet, \$7.00 per 100.

PECANS--Gulf Coast soft shell Seedlings 4 to 5 feet, \$15 per 100; 3 to 4 feet, \$12.50; 2 to 3 feet, \$10.

THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

Terms and Conditions Governing Quotations in the Price List of the Huntsville Wholesale Nurseries.

RATES.—As we send this list to the trade only, we make the difference in prices between the 10, 100 and 1000 rates very slight—simply sufficient, as a rule, to cover the difference in the expense of handling in the smaller numbers. We uniformly tie in bunches of 10, when consistent with the order, and we suggest to our customers to make their orders for varieties in multiples of 10 as far as practicable. Orders for 50 and not over 300 trees, if for not less than 10 of a variety, will be charged at the rate per hundred, orders requiring 300 trees or more, and not less than 10 of a variety, will be filled at the lowest quoted prices. Orders for less than 10 trees of one variety, will be charged at the rate per ten.

SEASON.—Our packing and shipping season begins by the 20th of September, and continues until about the first of March.

We have great advantages to offer here in early shipments for the North in Spring. We do not accept orders for trees we do not grow, as we never buy trees to sell again. You can depend upon us for fresh dug trees. Each order is taken up separately, and not until it is wanted for shipment.

SHIPPING DIRECTIONS.—We respectfully beg our patrons to furnish us with explicit *directions as to shipping*, and the mode of conveyance, by which they desire trees forwarded. When no particular directions are given, we forward according to the best of our judgment. *But in no case do we assume any responsibility as to safe delivery and condition of Trees and Plants after a proper shipment by us.*

RELEASE.—When prepayment of freight is not required, we will Release and Guarantee, and take forwarder's receipt and mail to consignee. It is left to the option of the shipper of trees over some railroads, whether he will release them or not under the clause "Value less than \$5.00 per 100 lbs." If released under this clause, the freight is less on roads governed by this classification, and we will assume it to be proper to make this release, without reference to the value of the trees, unless instructed to the contrary. This clause does not apply upon roads under some of the district classifications, and because of this confusion we will not be held responsible for any oversight to release, unless instructed by our customers. Claims for delay or loss must be made to the forwarders.

PACKAGES.—The cost of package must be added to the prices quoted in this list, as follows: Boxes 30 inches square, from 7½ to 9 feet long, as the trees may require, each \$2.50; boxes 24 inches, \$2.00; boxes 18 inches, \$1.50; bales from 25c. to 75c. each.

PACKING.—Goods will be packed in moss, and especial care taken to insure their arrival in the best condition.

ASSORTMENTS.—We do not require customers to take an assortment they do not wish, but will sell one variety alone if desired. If any substitution can be allowed, either in grade or variety, it should be so stated when making the order. As a rule we do not substitute without permission.

CAUTION.—We accept all orders upon the condition that they shall be void, should any injury befall the trees from frost, hail, storm, fire, or other causes over which we have no control.

TERMS.—Cash. When desired, we will allow 30 to 60 days from date of shipment to responsible,

prompt-paying customers. Parties with whom we have had no business transactions, will save time by sending reference, with order. We wish it expressly understood that payment is expected from the first collections made, and the time named is only intended as so many days of grace in which to make returns. To northern customers, who wish to lay in stock for Spring trade, we will ship late in Fall or early in Spring, and allow time for payment till May 15th. If shipment is required in the Fall for Spring use, a note is to be given upon receipt of the trees. We do not allow any discount for cash, but we make our prices low to command cash, or prompt returns. In orders when the time is not mentioned, 30 days is to be understood. Interest at the rate of 8 per cent per annum must be paid on over due accounts. Should prices be changed, either higher or lower, during the season, the prices ruling at the time the order is made, are expected to stand.

FORMS OF PAYMENT.—All bills are payable at the office of the seller, and remittances should be made by drafts on New York, Chicago or St. Louis, or by money orders on some Express Company, or by postal orders. We will, however, accept checks from those of our customers who may be located at places having no banking, express or postal facilities, provided they make them in every case payable "with exchange," or add $\frac{1}{4}$ of one cent, to the amount of the bill for the cost of collection.

GRADES.—We grade very carefully, in some cases by caliper, in others by height. When graded by both caliper and height, the caliper must govern, as the height then named is only to be considered approximately. When graded by height or caliper, we include the lower number and exclude the higher. Instance: in a grade of 4 to 5 feet trees, the 4 feet trees are included, but not the 5 feet trees. If 5 feet trees are wanted, the 5 to 6 feet grade must be ordered.

GUARANTEE OF GENUINENESS.—While we exercise the greatest diligence and care to have all our Trees, etc., true to label, and hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove untrue to label, free of charge, or refund the amount paid, it is mutually understood and agreed to, between the purchaser and ourselves, that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said trees, etc., that shall prove untrue.

ACCEPTANCE.—Notice should be sent us by telegraph, at our expense, if there is any cause of complaint, or should the trees be refused, stating reasons. Claims for deduction, from whatever cause, will receive consideration only when made promptly upon the receipt of the trees. If trees show any signs of shrivelling upon arrival, they can usually be restored by being thoroughly watered and buried entirely under the ground for two or three days. Should there be any frost in the trees upon arrival, they should not be removed from the box until the frost is all out. The box should be placed in the cellar or protected in some other way. The presence of frost in the boxes is not to be considered an evidence of bad condition, as we pack to secure the trees against damage, if the frost is allowed to come out in the natural way. Goods will be considered accepted if removed from the boxes in which they are packed, without notice of complaint to us and without our orders for their disposition.

YELLOW RAMBLER.

Very fine, strong, field-grown plants on their own roots. Two to four feet, cut back to 24 inches. Price per 10, \$1.75; per 100, \$16.00; per 1000, \$150.00.

Address

W. F. HEIKES, Manager, HUNTSVILLE, ALA.
